

The *Jacinda* ROYALE

Put something on the table.
We will turn it into research.

THE NIGHT

Jacinda Manettas was thirty when cancer took her life. She had the loudest laugh in every room and never sat out a party, so we are throwing the night she would have thrown.

300 guests, live and silent auctions, and one goal: **\$100,000 for mucinous ovarian cancer research**, the rare cancer Jacinda faced. The venue is donated, so nearly every dollar your lot raises reaches Professor Kylie Gorrings's work at Peter Mac.

WHAT MAKES A GREAT LOT

- ♠ **Sport and stage.** Signed memorabilia, a corporate box, tickets to the show everyone missed out on.
- ♥ **Experiences.** A chef at home, a weekend away, a round with a pro. What money cannot usually buy goes highest.
- ♦ **Style and luxury.** Jewellery, fashion, art and design, beauty and wellness.
- ♣ **Food, wine and stays.** A long lunch, a cellar selection, a hotel night in the city.

How it plays out

YOUR NAME ON IT

"Generously donated by" you, on your lot and in the auction list

Live lots are introduced from the stage, donor included

Named in our lot previews and thanked in the event recap

WHAT WE NEED

An item, voucher or experience, ideally worth \$500 or more

A short description, its retail value, and any conditions or expiry

Your name and logo, exactly as you want them credited

WE DO THE REST

We write your lot up and display it on the night

Headline lots are auctioned live; the rest take silent bids

We run the bidding, take payment and hand your lot to the winner

Deal yourself in.

Smaller gifts are welcome and get bundled into packages, so if you are not sure it fits, ask us. The earlier your lot is confirmed, the longer it runs in our previews.

- ♦ Tell us your lot
- ♦ Send the details
- ♦ Leave the rest to us
